Re: Response to 2006-2007 Sonoma County Grand Jury Report

This letter is in response to the recommendations contained in the 2006-2007 Sonoma County Grand Jury Final Report. Windsor's Town Manager was asked to respond the following reports and recommendations:

- Access and Recreation in Open Space District Properties – R6
- Signs of the Times – R6
- Wastewater: Money Down the Drain? – R1, R5 and R6

Signs of the Times

Recommendation R6 – The legality of all billboards in the county should be examined and any illegal billboards should be removed.

Response: The Town appreciates the acknowledgement by the Grand Jury of the Town of Windsor for the accuracy of its billboard records and the cooperation by the Town in presenting the information to the Grand Jury. The Town does not permit new billboards and monitors existing ones for opportunities to amortize them for removal. All of the street and highway signs in the Town are monitored and new street and highway signs are reviewed through a permitting process.
