Case No. SPR-

**DECLARATION AND ORDER
APPOINTING LEGAL COUNSEL;**
Probate Code §§1470 et. seq.; 2356.5
Hearing Date:
Time:
Courtroom:

1. Petitioner has filed a Petition for Appointment of a Probate Conservator in this matter. The Court has determined that the appointment of counsel would be helpful to the resolution of the matter or is necessary to protect the rights of the conservatee or proposed conservatee. Counsel is appointed pursuant to:
 - Discretionary appointment pursuant to Probate Code section 1470(a); or
 - Mandatory appointment pursuant to Probate Code section 1471(b).
2. Petitioner has filed a petition with this Court requesting authority for the conservator(s) to:
 - place the proposed conservatee in a secured perimeter residential care facility for the elderly operated under Health and Safety Code section 1569.698 and which has a care plan that meets the requirements of California Code of Regulations, title 22, section 87705; and/or
 - authorize the administration of medications appropriate for the care and treatment of major neurocognitive disorders (including dementia).

Pursuant to Probate Code section 2356.5(f)(1), the proposed conservatee must be represented by counsel when a request is made for such authority.

A Major Neurocognitive Disorder Attachment to Capacity Declaration - Conservatorship

- has been filed with the Court, or is concurrently being filed herewith; or
- has not yet been filed with this Court; however, Petitioner reasonably believes that his or her petition will be supported by the declaration of a licensed physician, or a licensed psychologist within the scope of his or her licensure, regarding the findings necessary to be made under Probate Code section 2356.5 for the above-referenced power(s) requested. Petitioner is presently attempting to obtain said written declaration and will file the same with the Court.

Petitioner understands that counsel will not be appointed until a Major Neurocognitive Disorder Attachment to Capacity Declaration – Conservatorship has been filed indicating why the proposed conservatee would benefit from placement in a secure facility and/or the administration of

medications appropriate to the care and treatment of major neurocognitive disorders and that the proposed conservatee does not have the capacity to give informed consent to this placement or the administration of medications appropriate to the care and treatment of major neurocognitive orders.

I declare under perjury under the laws of the State of California that the foregoing is true and correct. Executed on, _____ at _____, California.
