

Superior Court of California County of Sonoma

NOTICE FROM THE CLERK OF THE COURT

PROBATE EXAMINER NOTES NOW ON PUBLIC PORTAL!

Beginning with the Probate Calendars on August 21, 2020, Probate Examiner's Notes are now accessible via the Court's Public Portal.

The Probate Examiner reviews documents filed with the Probate Court and evaluates filings for compliance with the probate code, local court rules, and court policies. The examiner may identify procedural issues or other concerns that need to be amended or addressed.

The written results of the Probate Examiner's review - the examiner's notes - are made available by the Court before the hearing date. The notes for each matter on the calendar are viewable by the public on the Court's portal.

If there are no problems with the documents, no additional action is required by the filer.
